

**Mesa Pathways Committee
Scale of Adoption Assessment Rubric**

This rubric established by the Mesa Pathways Committee (MPC) in order to help in determining how and which edits will be incorporated into the final draft of the Scale of Adoption Form. It is not intended to serve as a “scorecard”, but should be considered holistically as the MPC discusses/reviews each edit/suggestion:

1. Is this suggestion in the purview of the Mesa Pathways Committee?
2. Is this suggestion within the time-frame of the Self-Assessment focus?
3. Does this suggestion fit clearly within one of the existing work-groups?
4. Does this suggestion include all important projects and departments to which it is related?
